Sprint 2 Plan

Heading: TutorTube, Team TutorTube, Sprint 1 completion date: March 1, 2017, revision 1, 2/14/17

Goal: To view classes and to be able to post questions and comments.

Task listing, organized by user story:
User Story 1: As a student I want to add myself to a class so that I can monitor class activity

   Task 1: users can enroll in classes, so need to make an html page and Controller (5 hours)
   Task 2: start making it possible to upload videos (6 hours)
   Total time for user story 1: 11 hours

User Story 2: As an instructor I want to create a class so that I can monitor class activity

   Task 1: specify whether user is a TA/ Professor/Student(user roles) in the login and allow instructors to add classes (3 hours)
   Total time for user story 2: 3 hours

User Story 3: As a developer I want to make a class database so that I can link users to classes and use the database in when creating the HTML page

   Task 1: create a class database (7 hours)
   Total time for user story 3: 7 hours

Total time for sprint 1: 19 hours

Team Roles:
Evan Hobbs: student
Haley Emerson: student
Lisa Durand: developer, student
Vanessa Putnam: instructor, student
Aishni Parab: instructor, student

Initial Task Assignment:
Evan Hobbs: user story 1, users can enroll in classes, so need to make an html page and controller; user story 1, start making it possible to upload videos
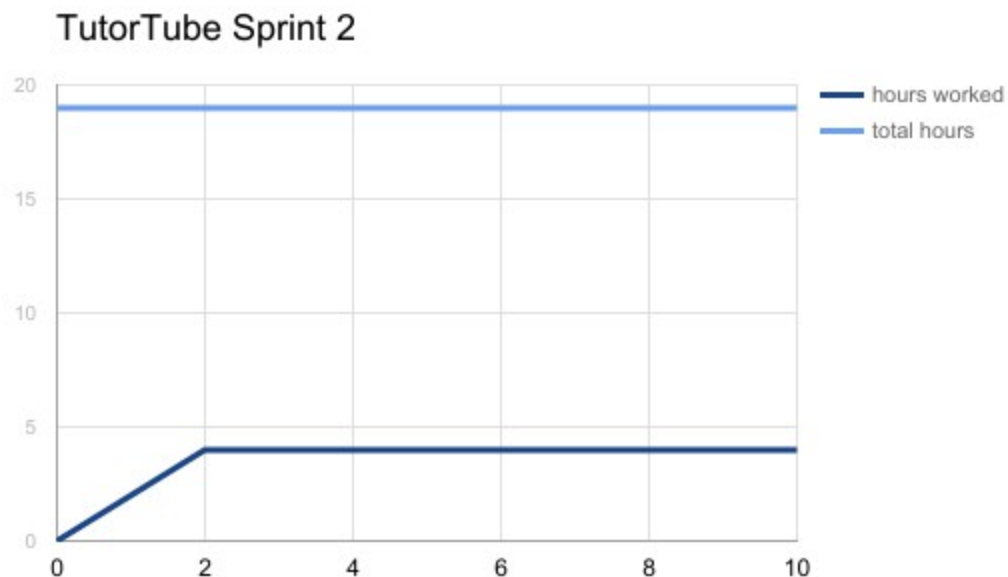

Haley Emerson: user story 1, users can enroll in classes, so need to make an html page and controller; user story 1, start making it possible to upload videos

Lisa Durand: user story 3, create a class database; user story 1, start making it possible to upload videos
